

LAW ENFORCEMENT TRAINING ANNOUNCEMENT

DATE: May 23-25, 2022

TIME: 8:30 a.m. - 4:30 p.m.

INSTRUCTORS: Jose Medina-Team APC Training Cadre

LOCATION: Pacem-Defense Solutions 4700 Providence Road
Perry, Florida 32347

COURSE: Force of Gravity (Fgrav) Use of Force Instructor Program

COST: \$385.00

This program will cover Instructor level Use of Force-Defensive Tactics training. One of the most innovative yet simplistic Use of Force Instructor based programs geared specifically for Law Enforcement and we've now updated our instructor development program to allow for officers to work with the current climate of encounters officers face on a regular basis as well as providing a better understanding of agency use of force policies. The *Fgrav* Use of Force Instructor program combines the skill development of street encounters, hands-on situations, de-escalation technique, basic jiu jitsu police applications and variations of officer use of force response options. This program incorporates the use of our F.E.A.R. Management System™ allowing for appropriate “reactive response principles” when dealing with potential threat encounters. In addition, unlike other programs with the many unrealistic techniques taught, this program provides detailed and comprehensive techniques to and teaching concepts based off street encounters over “administrative” encounters. **Topics covered will include but not limited to the following:**

- *In-depth case and video study of past and current use-of-force situations*
- ***Review of the current and future Use of Force policies through assorted states along with federal policies***
- *Teaching concepts critical situations and break down suspect anger and attack signs as well as officer response patterns*
- *Having the ability to assess your threats and their body language will make all the difference between a compromised position and a rapid response threat position utilizing our Fgrav “X Factor” Control and Contain techniques which has been proven to be affective and used against EDP’s (Emotionally Disturbed Persons), persons under the influence of CDS as well as crowd control situations.*
- *Understanding power of “words” and how de-escalation techniques can change a situation from escalating from an out of control incident to a rapid and efficient neutralization of the threat (Part of our: “Art of Communication Training Program”)*
